Project Completed

1)**Institute Research Using Command Line**

Language Used-SQL,Python

My Role-

- Collected Data for Top 50 Institue
- Connect Sql to python
- Python Implementation Code
- Debugging

2) **Machine Learning Technique on Glass Dataset**

Team – Individual

Language Used-Python

Role-

- Collected data of glass
- Applied Different algorithm to find Accuracy

3)**Notes Making Website**

Language Used-PHP,HTML,CSS,JS

Role-

- connecting to the databse
- apply php query for backend
- HTML,CSS for Desiging
- JS for responsive website
